

Lawrence Democrat

FRIDAY, August 1st 1890

FOR GOVERNOR
JNO P. BUCHANAN
OF RUTHERFORD.
FOR SUPREME JUDGE
B. J. LEA.
OF HAYWOOD.

Read the call for the meeting of the Democratic Executive Com. Also the article relative to the Davy Crockett celebration.

The thinnest joke in America That "Wet or Dry" affair. It must have been intended as a joke for every body laughed about it. It is too late in the day to play that old chestnut for a fresh joke, it won't go down, Sidney.

The following is clipped from the Sheffield Enterprise. The first part of the article is relative to the National Republican the recognized organ of the party at headquarters. There is no question about the utterances being true and genuine republican doctrine, and the leaders of that party will never be satisfied until they bring about just such social and political chaos as that indicated. You southern republican how would you like to live where such a state of things existed? Schools, churches and our houses all open to Mr. Nigger to sit along side your children and marry your daughters? Will the Lawrence Union please tell these people if it endorses the ideas and sentiments of the National Republican?

HOW DO YOU LIKE IT.
With the Lodge National Educational law in full force over the South and various Democratic strongholds up North we may confidently look for a different state of political affairs than now exists. New York City will then return several more Republican congressmen than at present, while more than twenty negro representatives from the South will render the Republican of the future congress absolutely secure and safe. As Mississippi, South Carolina and Florida contain a large majority of negroes, and as there are enough white Republicans in Alabama, Arkansas, North Carolina and Louisiana, acting in concert with the negroes to put these states into the Republican line we can confidently look in the future for seven Southern states to be reliably Republican. This means a gain of four senators and at least twenty representatives to the Republican party.

When through the operation of the Lodge National election law seven Southern states shall discard Democratic rule, we shall look confidently to see some measure of justice done to the black who have been so long defrauded of their rights. Heavy taxes should be laid upon the property of the whites to develop and extend the public school system in these states; separate schools for the two races should be abolished, and the plan of bringing the youth of both colors into close and equal relations in schools and churches given a fair trial, as one of the most potent elements to break down the detestable Bourbonism of the south. The right of the black man to bear arms should be guaranteed to him, as well as all the rights intended to be secured to him by the passage of the 14th and 15th amendments of the constitution. The State laws against the intermarriage of the races should be repealed, and any discrimination against the black in the matter of learning trades, of obtaining employment should be made criminal offense, while the colored man's right to hold office should be as sacredly protected and recognized. A few years of this policy will solve the race problem satisfactorily.

-National Republican.
The National Republican is published at Washington and is in a position to know the wishes of the men who are the founders and framers of the Force bill; to know their aims, purposes and intentions. It is fully and fearlessly outspoken in the above editorial. The candor of the position is admirable. It is very different from the usual hypocritical cant of those who say it means no interference with the

South outside of federal elections Read carefully the last paragraph and you will see what it means. It is there boldly stated.

How many men who are native Southerners would like such a situation? How many men who have come South from North, East or West would remain under such a state of things? You who have daughters: would you like to see them receive the attention of negroes and be finally led to the altar by a negro? You who have sons: would you like to see them paying court to a negress, and finally bring her to your home as a daughter-in-law? You who have children: would you like to see them seated side by side in the school room, playing as equals upon the campus, imbibing the traits of character habits, customs and manners of negroes? You who have property: would you like to see it more heavily taxed to educate a race, the majority of which are wholly improvident and will never bear their proportionate burden of taxation, but must reap their proportionate share of benefits?

Look at this matter coolly, dispassionately and correctly. Do you want the state of affairs as outlined in the editorial at the head of this article? Do not dodge the issue, Face it. It is a great principle of government, precipitated on the country by brute harpies who would make the South a corpse and then feed on the remains. Can any term be too severe for such men? Can any words be too strong to express the loathing that men have for those who would forward such? You people of the North: Republicans, devoted to the principles of your party, would you want such an infamous measure put on you? Do you think it honest or manly to hound by such laws, a people who surrendered a quarter of a century ago? Do you think it right to carry hate; or allow it to be carried, so far? Do think it right to punish those who were not then born and heap this infamy upon them? Look at it quietly. To you, in a great measure, the people look for justice. See to it that the vultures do not rend the South and then turn their insatiable greed upon the people of the North.

THE CHAIRMAN ISSUED THE FOLLOWING CALL.

COLUMBIA, TENN., June 27 1890
Pursuant to the resolution adopted by the Democratic Executive Committee of the 7th Congressional district, a convention of the democratic party of said congressional district is hereby called to meet at Columbia, Tenn., on Wednesday September 10, 1890, at noon, for the purpose of nominating a Democratic candidate to represent said district in the 52nd Congress of the United States; and of transacting such other business as may properly come before the convention. Under said committee resolution the delegates to compose said convention are required to be chosen between the hours of 1 and 5 P. M. on Wednesday the 3rd day of September 1890, by convention or primary election (as the Congressional Committee of the county shall direct) in the various civil districts of the several counties composing the Congressional District. It is also suggested that the delegates meet at the several county seats on Sept. 9 for organization.

THE EVENING HERALD

10 CENTS PER WEEK, OR \$5.00 PER ANNUM.

The Herald Company makes, at the outset, no boasts of what it will do—it expects to win support through merit. It will have "no axe to grind" or private interest to guard; it will advocate Democracy, pure and simple, but will not play the role of party "organ." It believes that it will supply a long felt want, and fill a field long unoccupied in this city. Its first aim and highest ambition will be to actively aid in upbuilding the material interest of our city and State. It will endeavor to issue a clean newspaper, one that may safely enter any home in the land. It aims and hopes to win the friendship of the public, as on this point it deems no success.
